

I would like to say that KLOVE radio has been an enormous amount of encouragement to me and everyone I know. The music is inspiring and it's nice to be able to have something on the radio my children can listen to. I am a Christian and I love being able to hear other people express their faith outside of church. Everything has been taken away from us like we shouldn't have any rights, but we do. Freedom of speech and beliefs aren't being used fairly. We don't want to have to resort to other types of music, we love hearing the music on KLOVE. If this were to be taken away from us, the community I live in would suffer tremendously because we would have to find something else to listen to and not be continuously encouraged by the music. Not only is the music positive and encouraging, the radio personalities are as well. The station gets together to pray 4 times a day! Where else to you have that kind of support? PLEASE do not take KLOVE off of the air, for the sake of people like myself and for the children and future generations of the world. "If you're living like there's no God, you'd better be right"!
